Background Screening Documents

Care Provider Background Screening Clearinghouse: The Background Screening Clearinghouse will generate e-mails and send you, the provider, a reminder at 60, 30, and 21 days prior to the retention date expiration. Please note, you will only receive that notification for the staff that are on your facility/home roster. Please keep your roster current in the Clearinghouse to avoid confusion on expiration dates, or unwanted notifications. ***Please ensure that you email in the Clearinghouse is current, as notifications are sent via email.

Communicable Disease Control

REMINDER: There are three common modes of transmission for the spread of microorganisms in childcare settings: contact, droplet, and airborne. Many common infections encountered in the childcare setting are transmitted by direct or indirect contact. Child Care facilities shall develop a written exposure plan regarding universal safety precautions, recommended by the Centers for Disease Control and Prevention (CDC), to follow in the event there is exposure to blood and potentially infectious fluids. Personnel are required to be educated on the facility's exposure plan regarding standard precautions before beginning to work and annually thereafter. Written documentation that childcare personnel have participated in the facility's annual refresher education for the exposure plan and understand the proper procedures in the event there is exposure to blood, and potentially infectious fluids must be retained for 12 months and be available for licensing to review.

CCF In-Service

REMINDER: In-service training for 2023/2024 fiscal year must be completed before June 30, 2024. Counselor reviewed 10 hours of annual in-service, completed, for all child care personnel for the 2022/2023 fiscal year.

Important School Readiness Updates:

Due to changes in federal regulations, there are new health and safety training requirements for all child care personnel employed at a contracted School Readiness (SR) program site. For compliance, all personnel who directly supervise children must successfully complete mandated health and safety training.

By June 30, 2024, all current SR child care personnel must complete two new health and safety courses: Health and Nutrition in the School Readiness Program and Safety Practices in the School Readiness Program. These courses are free to the learner and will be hosted in the Florida Early Childhood Professional Development Registry.

Within 90 days of initial employment with any SR provider, new hires and current pre-service trainees must complete all required pre-service training by successfully completing one of the options below:

Option 1 (DCF courses, plus corresponding exams)

Existing courses available now under the Child Care Facility Part 1 heading for \$10 per course:

Health, Safety and Nutrition (8 hours)

Child Growth and Development (6 hours)

Behavioral Observation and Screening (6 hours)

Identifying and Reporting Child Abuse and Neglect (4 hours)

PLUS

Health and Nutrition in the School Readiness Program (4 hours)

Safety Practices in the School Readiness Program (5 hours)

OR

Option 2 (DEL Florida Early Childhood PD Registry)

New courses available under the School Readiness Pre-Service heading for free:

Child Development in the School Readiness Program (4 hours)

Health and Nutrition in the School Readiness Program (4 hours)

Safe Sleep Practices in Child Care (2 hours; not required for school-age only programs)

Safety Practices in the School Readiness Program (5 hours)

Transportation Safety in Child Care Programs (2 hours; if applicable)

Please note, SR child care personnel with exemptions from completing the DCF introductory child care training based on educational credentials or passing of competency examinations per s. 402.305(2), F.S., must also complete all mandated pre-service training in option 1 or option 2 by June 30, 2024, or within 90 days of initial employment.
