Counselor Comments

Background Screening Update - During 2016, all providers were required to re-screen child care personnel that had background screening dates completed prior to July 1, 2016, to address new screening components for existing staff. Screenings processed in the Clearinghouse during 2016 will need to be RENEWED in 2021 for an additional five (5) years. The Clearinghouse system is set up to send automated notifications to providers at 60 and 30 days prior to the Retained Prints Expiration Date, only for employees that have been added to the facility roster. Provider need to keep their roster current and notify licensing when their email address has changed.

Failure to RENEW retention of prints will change the individuals status from Eligible to A New Screening is Required - which means that the individual needs to restart to have their fingerprints LiveScanned into the Clearinghouse system. A Resubmission is NOT the same as a RENEWAL. A Resubmission is used when an individual has had a lapse in employment greater than 90 days and triggers a rescreening of required components and a new screening status is issued. Please do not use Resubmission.

- 3.triggers a rescreening of required components and a new screening status is issued.
- 4.cost \$43.25 and can be paid using a credit card or electronic check within the Clearinghouse.
