**Type:** Routine **Date:** 06/30/2023

### **Owner/Director/Staff Responsible Comments**

The Clearinghouse employee roster was reviewed and determined to be in compliance at the time of this inspection. Background Screening Update - Background Screening Update - During 2016, all providers were required to re-screen child care personnel that had background screening dates completed prior to July 1, 2016, to address new screening components for existing staff.

Screenings processed in the Clearinghouse during 2016 will need to be RENEWED in 2021 for an additional five (5) years.

The Clearinghouse system is set up to send automated notifications to providers at 60 and 30 days prior to the Retained Prints Expiration Date, only for employees that have been added to the facility roster.

Provider need to keep their roster current and notify licensing when their email address has changed.

Failure to RENEW retention of prints will change the individuals status from Eligible to A New Screening is Required - which means that the individual needs to restart to have their fingerprints LiveScanned into the Clearinghouse system.

A Resubmission is NOT the same as a RENEWAL. A Resubmission is used when an individual has had a lapse in employment greater than 90 days and triggers a rescreening of required components and a new screening status is issued. Please do not use Resubmission.

The RENEWAL:

1. required every five (5) years beginning from when the fingerprints entered the Clearinghouse; this is not based on the eligibility date.
2. used to continue retaining the fingerprints in the system for an additional five (5) years.
3. triggers a rescreening of required components and a new screening status is issued.
4. cost \$43.25 and can be paid using a credit card or electronic check within the Clearinghouse.

Also:

DCF Child Care Licensing Requirements & Site Changes If your background check and fingerprints are up for renewal, please ensure to obtain Level 2 screening as outlined in s. 435.04, F.S., is required for all child care personnel and includes a criminal records check (both national and statewide), a sexual predator and sexual offender registry search, and child abuse and neglect history of any state in which an individual resided during the preceding 5 years. All fingerprints must be submitted and processed through the Background Screening Clearinghouse and therefore a LiveScan vendor that is Clearinghouse compatible must be used for submission of fingerprints. Background screenings may be obtained in advance of their expiration date to ensure there is no lapse in coverage. SB 252 is effective on October 1, 2021.

Prior to transporting children, the facility must be approved by the Department to offer transportation services. Transportation services will be approved if the conditions set forth in parts 2.5.1, 2.5.4., 2.5.5., and 4.2.6., of the Child Care Facility Handbook are met.

Pursuant to 402.305(10)4(b), Florida Statutes, child care facilities are required to install an alarm system in each vehicle used by the facility or home to transport children by January 9, 2022. Alongside the alarm requirements, child care providers are required to continue conducting physical and visual sweeps of the vehicle and maintaining a log.

Please visit the child care website at: [www.myflfamilies.com/childcare](http://www.myflfamilies.com/childcare) then click on Child Care Alarms for Transportation for more information or contact your licensing counselor.

Radon Testing Requirements Florida Statute 404.056 and Chapter 64E-5 Part XII B require that indoor radon levels must be measured in licensed childcare facilities located in counties designated within the Intermediate or Elevated Radon Potential areas.

For Miami-Dade County, all licensed facilities, excluding those in single family home/duplexes, require testing.

Tests must be completed within 1 year after the childcare facility starts operation.

These mandatory tests are to be conducted in accordance with Florida Statute 404.056, Chapter 64E-5 Part XII B, and Mandatory Radon Testing Protocols and reported to the Department of Health on forms DH1777 or DH1778. Please refer to link that includes a map of counties and testing requirements: <http://www.floridahealth.gov/environmental-health/radon/maps/index.html>
